Muscoot Farm offers programs for youth on a regular basis. Programs encourage a healthy lifestyle by having participants actively involved in caring for animals, working in the garden or hiking along a network of trails. A teen volunteer program provides the opportunity for youth to learn about farming, give back to their community and mentor the younger members of the group. The program helps to promote constructive use of leisure time while providing activities that encourage optimal physical health and will provide families with opportunities for parents/caregivers to be positively involved in their children's learning.
